6 Bridges Gallery provides a friendly environment of collaboration, knowledge-sharing and inspiration among professional artists. Our artists gain exposure by having work on display year-round in our attractive, light-filled gallery. Membership offers many benefits for established artists as well as emerging artists who may be less experienced in the business of art.

We offer artists:

- Year-round exposure in our gallery, for more visibility than juried or occasional shows
- A dedicated page on our web site for samples of your work and your artist statement
- The opportunity for solo and group shows, where you can experiment, create a new body of work, or show established work
- Camaraderie, collaboration and inspiration with a friendly group of professional artists
- Focused leadership
- An attractive, light-filled exhibit space in a prime location right on Main Street, Maynard, in the heart of the Maynard Cultural District.
